

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
Monitoring Reporting Requirements Not Met for
CAMERON WATER WV3302603

Our water system violated drinking water monitoring requirements. Even though these were not emergencies, you, as our customers, have a right to know what happened and what we did to correct the situation.

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During periods listed in the table below, we did not monitor or test as required and therefore cannot be sure of the quality of our drinking water during that time.

What should I do? At this time, there is nothing you need to do.

The table below lists the monitoring we did not conduct, other violations, and the associated compliance period.

Monitoring Violation	Year-Fed Report #	Monitoring Frequency	Compliance Period		
03, MONITORING, ROUTINE MAJOR BARIUM (1010) Results Not Submitted	2023- 391039	Annually	YR 2022

What happened? What is being done? (Describe corrective action)

Samples were overlooked. This has been addressed with operators. The City is taking additional steps to verify with operators, all current samples are taken and submitted on time. Clerks office has printed out a monitoring schedule to assist in verification for future samples.

For more information, please contact City Clerks Office at 304-686-2366
(Contact Name) (Phone Number)
 or 44 main Street Cameron, WV 26033
